UTAH ADOPTIONS STOMPING ON FATHERS' RIGHTS!

Come RALLY for fathers' rights in front of the Matheson Courthouse where later Cody O'Dea goes to court to protect his right to parent his own child over an adopt-away. "Cody wants nothing more than to be a father. He is currently fighting with the Adoption Center of Choice in Provo UT to protect that right." Details of his position can be found at the [babyselling.com](http://babyselling.com) website. And he's not the only father that is having to fight to parent his own child over the mother's efforts to have the child adopted away.
